Middle School teachers will rotate to provide instruction will students stay in their “pods.” Students will have opportunities for “live” support with their studies and classroom assignments on Wednesdays.</p> <p><i>Students that have elected to do Distance Learning will have access to education from a classroom teacher each day, and will receive instruction each day for both math, reading and social studies/science.</i></p>

Lessons

All students will access lessons at home or in person through an online platform (Google Classroom). Class Tag will be used for messaging to parents and students.

On-site students will receive instruction from their grade level teacher. Students that need additional support will receive specialized instruction from staff both in person and via remote learning depending upon the time of day.

Curriculum will be aligned at the same pace for both distance and hybrid learners.

Students that have chosen Distance Learning will receive instruction from a **Distance Learning Teacher** for grade level content. They will receive live content instruction and support throughout the academic day.

Classroom teachers will provide designated assignments via Google Classroom, and/or via a class specific email that details what needs to be completed. Additional Specialist activities will be provided.

Students that have chosen Distance Learning will receive instruction from a **Distance Learning Teacher**. The Distance Learning Teacher will provide instructional support and assistance in academic and content areas. They will receive live content instruction and support throughout the academic day.

Classroom teachers will provide designated assignments via Google Classroom, and/or via a class specific email that details what needs to be completed. Additional Specialist activities will be provided.

<p>Daily Student Attendance</p> 	<p>Mondays, Tuesday, Thursdays and Fridays, students engaged in Distance Learning will complete a morning check-in using Google Forms. Students not in contact with their Distance Learning Teacher will be considered absent. If the student cannot check-in, the student or families will email the teacher.</p> <p>Students on-site will have their attendance taken at 9:30am when the instructional day begins. Hybrid students that are learning from home will have their attendance taken when their teacher does a live check-in at the end of the day. Students needing additional help will reach out to their teachers by having their parents email the classroom teacher.</p> <p>On Wednesday student attendance will be taken via online activity. Student attendance will be taken in Powerschool (our student management system).</p> <p>*If your student is sick, please call the main office (612) 900-4435, and select the attendance line.</p>	<p>Mondays, Tuesday, Thursdays and Fridays, students engaged in Distance Learning will have their attendance taken when they check in with their Distance Learning Teacher.
